Give Your Wife a Check Book

A CHECK account is a business education for a woman. A few years ago women knew little of business methods. Today there are thousands who do their own banking. Has your wife a bank account? If she hasn't, give her one today. The wives of successful business men know how to make a deposit. They know how to draw a check. Women are becoming a part of the business life of the country. We strive to please the ladies.

Remember:

It is usually the unexpected that happens. You can never know when your home may require the services of the fire department. Friends can carry out your furniture, but only you can save your papers of value. If you keep them in a safe deposit box in our fire-proof vaults you can know they are safe, not only from fire, but also from theft or loss.

American Lady Corsets

Keep Your Figure Youthful

The youthful figure is the stylish figure. The miss of twenty naturally so stylish that she sometimes overlooks the importance of wearing a correctly designed corset—a corset that not only fits properly, but one that molds the figure gently and comfortably and preserves the charm and beauty of her naturally good figure.

Miss or matron, you can have a corset that will keep your figure youthful. But it must be just the right model.

WOOL SUITS TO SOAR SAYS EXPERT.

Farmers Must Raise 75,000,000 More Sheep for Normal Prices, Kohn Tells the National Bureau.

The undermentioned prices will prevail in retail stores throughout the country next year unless the sheep on American farms increase largely, according to Mr. Louis H. Kohn, of Chicago, who addressed the National Sheep and Wool Bureau the other day at a luncheon in the Hotel LaSalle.

Men's Suits, present average value \$25.—\$40 to \$50.

Men's Overcoats, present average value, \$25.—\$40 to \$50.

Men's winter Cap, present average value, \$1.00.—\$1.50 to \$2.

Men's woolen Underwear, present value, \$3.50—\$5 to \$6.

Figures presented showed the present deficit at 51,000,000 pounds that imports have been increasing the last five years and American wool production has been decreasing and that American farmers must raise 75,000,000 more sheep if the wool market is to return to normal. With this serious advance in the clothing prices in view the announcement of the absolute slaughter sale of men's and boys' clothing stock of J. I. Rosenthal the home of good clothes in Yale, comes at a very opportune time. It is the completion of the most complete and gigantic undertaking ever attempted in the clothing line in Yale. This high class stock needs no introduction to the men and boys of Yale and surrounding country and we are informed that it will supercede all previous attempts in remarkable pricing. The first shot to be fired will be Saturday, Oct. 27, at 9 a.m. We feel justified in stating there are hundreds of economic dressers who have purchased their clothing for the past 17 years at J. I. Rosenthal's store, and when a dependable and high grade stock of this character is thrown on the market with sweeping reductions made in prices it behooves the most careless to take advantage of such an exceptional saving event.

OBITUARY

John Collins was born in Cork, Ireland, January 15, 1838. Came with his parents to Caradoc county, in 1852, and came to Yale in 1883. In 1886 he was married to Roxa Clark. Two children were born to him, Lulu and John, both at home. Died Oct. 16, 1917, at his home north and west of Yale, from hardening of the arteries.

The funeral was held from the residence on Thursday of last week, Rev. E. Charles officiating, and interment was made in Elmwood cemetery.

Besides the family, deceased leaves a wide circle of friends among whom he was looked upon as an honest and upright citizen and an accommodating neighbor. All join with the Expositor in extending sympathy.

CARD OF THANKS.

We wish to extend our thanks to the neighbors who were so kind during the sickness and after the death of our husband and father, also to the singers.

Recital

The pupils of Marie McNulty gave a recital on Wednesday evening at her home, which was a pleasant and interesting experience for the parents and friends who attended and listened to the elocutionary efforts of the young folks.

Miss McNulty is a most excellent reader, and she has a class here who are doing fine work under her instruction.

The program Wednesday evening was nicely varied by solos from Leona Holcomb and at the close Miss McNulty gave two recitations which were much appreciated.

Entre Nous Club

The annual meeting of the Entre Nous Club was held at the home of Mrs. C. E. Richards, the retiring president, on Mechanic street, Friday evening, Oct. 19th. The evening was pleasantly spent at 500.

Officers elected for the year are:—President—Mrs. Geo. McIntyre Vice-Pres.—Mrs. W. H. Learmont Sec.-Treas.—Mrs. Benj. Clyde The members voted \$5.00 towards Red Cross.

The ladies of the Yale M. P. church invite you to their sale of home baking in the church parlors on Saturday, Oct. 26th.

GRADE NOTES

Willie Salerno is back in the Kindergarten, after a week's absence.

Ronald Groves has left the third grade, since he is going to Detroit.

Kenneth Green is absent from the 4th grade because of illness.

The 4th grade is learning the French national hymn, "Marseillaise."

Grace Smith has left the 5th grade and Hazel Smith has left the 6th grade, as they are moving to Port Huron.

Each grade ought to now, more than ever, strive for the highest average per cent and have Old Glory in their room. This week the 6th grade has the honor.

Every one has some talent, some more than others, and we should feel proud when those who have it should display it to a good cause. Ida May Allen, of the eighth grade, won second prize in the Journal's contest for the best essay on "Why We Should Buy Liberty Bonds."

The Girl Scouts, an organization made up mostly of 7th and 8th grade girls, now number twenty-one. More are joining at each meeting. It is required of each member to take the scout oath when joining. They are now busying themselves with "Red Cross" work, but it isn't all work, as Miss Brooks, their leader, is interested in basket ball. Get busy boys, for you have an opponent in the field.

HIGH SCHOOL NOTES

The end of the month is drawing near and tests prevail.

Mr. Menerey, in Physiology:—"Victor, will you give a full recitation on the mouth, its boundaries and uses?" Victor—"The mouth is bounded by the face and sometimes by the lips, which constitute the most important part of the body."

Ancient History people are drawing maps of Greece.

Miss McCall asked if any one had read the book, "Sentimental Tommy." Why did Pauline blush?

Many Freshmen will have black eyes it is feared, unless they steer clear of the dignified Seniors' sore arms.

The American History class are taking the "Review of Reviews" along with their usual history work. In this way they keep in touch with up-to-date current events.

Two of those absent on account of small-pox have returned to school. Helen King and Calvin Brown are still sick, although it was reported they have it very lightly.

The first rhetorical program will be given by Miss Ritchie's rhetorical division this coming Friday afternoon. Come and see what we can do.

Both boys and girls have begun to practice for a basket-ball team. We expect great results and we will get them.

The best time of the year is anticipated by all three upper grades, as the Freshmen have gone into their party with a full heart in appreciation for the party given them.

Mr. Menerey favored the high-room Tuesday morning in Algebra class with a solo. We should certainly encourage him to see Professor Stratton.

Mr. Dronyor has explained fully before both the high room and grades the necessity of vaccination. It is sincerely hoped all parents will look at it in the right way, for if successfully vaccinated the child is, without question, immune from small-pox.

We were sorry to hear that John Webb had lost his "Lady of the Lake," and also that Bernard remarked to Sam, "John isn't the only one."

The students of German II class are proud, indeed, that they have in their number an artist. Mary Sexton has very beautifully painted the picture of "Immensee," which I am sure brought more clearly to the mind of every member, the wonderful beauty of the estate.

Mr. Woodhams, of the Houghton Mifflin Company, was here Wednesday morning.

PRESBYTERIAN CHURCH

J. H. Rheingans, Pastor

No other power in this free country can more effectively reach the homes and put through a great systematic program of voluntary unselfish service than the organizations which represent the religious faiths of our nation. We are appealing to the churches to undertake a definite campaign to enlist our people for food conservation—Hoover.

We are asked to make a public presentation of the matter on Sunday, October 28th, and make some definite plans whereby we can make a campaign effective during nine weeks beginning November 4. Money is not the object but sacrifice. The boys in the trenches are doing their share. Let everybody plan to be out and make this day and campaign a memorable act of patriotism—Sunday a. m. at 10.

Next Sunday is Rally Day. In the Sunday School. A fine program is in preparation for the occasion. Come to the patriotic service at 10:30 and stay through the rally service in the Sunday school at 11:30.

Mrs. Fred Taylor and Mrs. Rheingans were elected delegates to the County Sunday School Convention at Port Huron this week. The school pledged \$3.00 to the county work.

Darkness on the streets pulled the attendance down last Sunday night. The moon will be full next Sunday, so don't forget us at 7:00 o'clock.

M. P. Church Notes

F. L. Crandall, Pastor

We hope to see you at Sabbath school next Sunday. Only 95 out last Sabbath. There should be many more.

Mrs. George Beadle was appointed delegate to the County Sunday School convention. She will be accompanied by Mrs. E. Metcalf. Mrs. N. J. Meharg is the delegate from the Cole appointment.

Rev. Crandall attended the District meeting of the pastors at Capac last week and brought us word of the serious illness of Rev. Harger, president of the Michigan Conference. We are sorry indeed to hear of it. A man so much beloved, and of such high character, has a place all his own in the hearts of his people. We hope to hear of his speedy recovery.

The L. A. S. were entertained at the home of Mrs. T. Bidean last Thursday. A bounteous 10c lunch was served. The society this week gave their time and means for the benefit of Adrian College. The fruits and vegetables were brought to the church and these packed for shipment.

Remember the bakesale in the church parlors on Saturday, October 27.

The G. G. class of girls were pleasantly entertained at the home of their teacher, Mrs. Metcalf, on Tuesday evening of last week.

Ask Any Farmer You Know That Has a Checking Account whether he could get along without one.

He will invariably say he didn't know what convenience it was until he had one at the bank.

Just think of the convenience a checking account is—you always have correct change—you don't need to carry money around in your pocket—you know where every cent was paid out—and best of all, every check is an indisputable receipt, for a check must be endorsed (receipted) before the money is paid.

You Can Have a Checking Account at First National Bank

Anyone can have a checking account at our bank just as long as they agree not to draw checks for more than they have on deposit.

We do not charge you one penny to keep your accounts—we furnish you as many check books as your needs require.
